#### **The Tenancy:**

The tenancy appears to be a statutory weekly periodic tenancy, which commenced on the 25<sup>th</sup> February 1977. Section 11 of the Landlord and Tenant Act 1985 appears to apply in respect of the Landlord's obligations and according to the Rent Register the Tenant is responsible for internal decoration.

#### **The Application:**

The Landlord by a notice in the prescribed form received by the Rent office on the 26<sup>th</sup> January 2006 proposed a new rent of £115.00 per week. On the 28<sup>th</sup> February 2006 the Rent Officer registered a rent effective from 31<sup>st</sup> March 2006 of £96.00 per week capped under the Rent Acts (Maximum Fair Rent) Order 1999, the uncapped rent being £122.00 per week. On 3<sup>rd</sup> April 2006 the Landlord applied to the Rent Assessment Panel.

#### **The Property:**

The property is a detached bungalow constructed in circa 1930 of brick under a tile roof. The house comprises a hall, two bedrooms and a living room, kitchen and bathroom. Space and water heating is by gas fired central heating system the boiler for which was replaced by the Tenant. There is hard standing and a garage to the side of the property and gardens to the front and rear of the property. The property has mains gas, electricity, water and drainage. The property is situated in a residential area close to amenities. The property is let unfurnished.

#### **Condition:**

The Committee inspected the property in the presence of the Tenant. The exterior of the property is in fair condition. The guttering and fascias have recently are in good decorative order. The render on the chimneys is in poor condition. There are upvc double glazed windows. Internally the kitchen is unfitted, basic and dated and the bathroom is dated but serviceable. It was noted that the electrical circuit had been upgraded.

#### **Law:**

Attached to this Statement of Reasons is a resumé of the law applied by the Committee.

### **Assessment of a Fair Rent:**

Neither party submitted rental evidence of comparable properties. The Committee using the experience of its members determined that a market rent for the subject property, taking into account its location, in good condition with central heating, double glazing, modern kitchen and bathroom, and let with carpets, curtains and white goods on an Assured Shorthold Tenancy would be £180.00 per week. The Committee considered that a global deduction of £45.00 per week should be made in respect of the subject property to take account of the dated kitchen and bathroom, the replacement of the boiler by the Tenant and the lack of carpets, curtains and white goods. It should be noted that this figure cannot be a simple arithmetical calculation and is not based specifically upon capital cost but is the Committee's estimate of the amount by which the rent would have to be reduced to attract a tenant.

### **Scarcity**

It was decided that there is substantial scarcity of "... similar dwelling-houses in the locality..." in this case Hertfordshire that are available for letting and a deduction would be made to reflect this of 15 %

### **Committee's Calculations:**

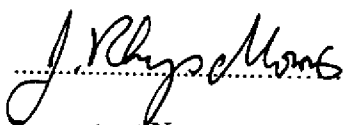

Open Market Rent:	£180.00 per week
Less global deduction	£ 45.00 per week
	£135.00 per week
Less Scarcity 15%	£ 20.25 per week
	£114.75 per week

'Uncapped' fair rent say £115.00 per week

The provisions of the Rent Acts (Maximum Fair Rent) Order 1999 require that the registered rent is either the capped Fair Rent or the Fair Rent decided by the Committee whichever is the lower. The capped Fair Rent is calculated in accordance with a statutory formula using the existing rent as a base. However Paragraph 2(7) of the Order provides that capping does not apply if "because of a change in the condition of the dwelling house or the common parts as a result of repairs or improvements (including the replacement of any fixture or fitting) carried out by the landlord or a superior landlord, the rent that is determined in response to an application for a registration of a new rent under Part IV exceeds by at least 15% the previous rent registered or confirmed".

The Committee found that the Landlord had fitted new double-glazed upvc windows, decorated the exterior and upgraded the electrical circuit. In this case 15% of the previous rent of £87.00 per week would be £13.05 per week. The Committee noted the original windows and undecorated exterior and considered that if the property did not have the new windows, was undecorated and had the previous electrical circuit an additional deduction would have been made which would have given an uncapped rent of £107.00 per week. Therefore the amount of the rent attributable to the improvement would be £8.00 per week, which is less than 15% of the previous registered rent, and so the new rent is not exempt from the 'capping' provisions of the Rent Acts (Maximum Fair Rent) Order 1999. Therefore the capped rent is to be registered.

**FAIR RENT = £115.00 per rent**
