4. The law

When determining a fair rent the Committee, in accordance with the Rent Act 1977, section 70, had regard to all the circumstances including the age, location and state of repair of the property. It also disregarded the effect of (a) any relevant tenant's improvements and (b) the effect of any disrepair or other defect attributable to the tenant or any predecessor in title under the regulated tenancy, on the rental value of the property.

In Spath Holme Ltd v Chairman of the Greater Manchester etc. Committee (1995) 28 HLR 107 and Curtis v London Rent Assessment Committee [1999] QB 92 the Court of Appeal emphasised

(a) that ordinarily a fair rent is the market rent for the property discounted for 'scarcity' (i.e. that element, if any, of the market rent, that is attributable to

there being a significant shortage of similar properties in the wider locality available for letting on similar terms - other than as to rent - to that of the regulated tenancy) and

(b) that for the purposes of determining the market rent, assured tenancy (market) rents are usually appropriate comparables. (These rents may have to be adjusted where necessary to reflect any relevant differences between those comparables and the subject property).

5. Valuation

modern letting at a market rent. Therefore it was first necessary to adjust that hypothetical rent of £...... per....... to allow for the differences between the condition considered usual for such a letting and the condition of the actual property as observed by the Committee (disregarding the effect of any disrepair or other defect attributable to the tenant or any predecessor in title). The Committee considered that this required a deduction of £................ per

Furthermore, to allow for the tenant's improvements (listed above) it was necessary to make a further deduction of £ per......

Note: the wording has been revised to deal with the common case where the parties do not provide market comparables and also to permit the specification of sums in respect of (a) differences between the condition of the real or hypothetical

The section 70 fair rent determined by the Committee is below/atthe same Melvelves the maximum fair rent permitted by the Rent Acts (Maximum Fair Rent) Order 1999 and accordingly that rent limit has no effect. Details are provided on the back of the decision form.

The fair rent to be registered/confirmed is not limited by the Rent Acts (Maximum Fair Rent) Order 1999 because there was not an existing registered fair rent at the time of the application.

The fair rent to be registered/confirmed is not limited by the Rent Acts (Maximum Fair Rent) Order 1999 because by virtue of landlord's repairs and/or improvements since the previous registration the rent determined/confirmed by the Committee exceeds by at least 15% the previous registered rent.

The registered rent is to be entered/confirmed as variable in accordance with the terms of the tenancy (Rent Act 1977, s.71(4)).

Note: the new version of this section is an attempt to separate out the fair rent assessed in accordance with the Act from, where applicable, the maximum fair rent

Thus the section begins with the rent determined in accordance with section 70. It then permits one of four alternative paragraphs to be chosen according to whether the cap

Having selected one the others should be deleted before the paragraph in bold type specifying the rent to be registered/confirmed is selected in all cases. The final paragraph can be included where there is a variable service charge.
